

Sprinter Van — Business Use Certification

Dangerous Pretzel Company LLC

EIN: 93-2570614

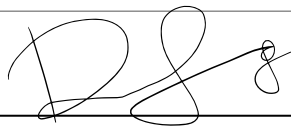

The **2019 Mercedes-Benz Sprinter 2500 Cargo Van**, VIN **WD4FF1CD6KT007555**, was acquired by Drew Sparks and Lindsay Sparks personally **during 2021** and contributed to Dangerous Pretzel Company LLC on **January 15, 2025** at a basis of **\$200,000**.

The vehicle is used **100% for business purposes** (catering deliveries, supply runs, equipment transport, and other business operations of the restaurant) and is not used for personal transportation.

GVWR exceeds 6,000 pounds (manufacturer specification for the 2019 Sprinter 2500 Cargo Van is 8,550 lbs standard / 9,050 lbs optional; door-jamb label or manufacturer spec sheet attached), qualifying the vehicle as a heavy vehicle for purposes of IRC §179(b)(6) and exempting it from the SUV §179 cap of \$30,500 (for 2025) under §179(b)(5). The cargo-van configuration (no seating rearward of the driver, integral cargo enclosure) independently places the vehicle outside the §179(b)(5) SUV definition.

The Section 179 deduction of \$200,000 is claimed for the 2025 tax year as a first-year expense, fully expensing the vehicle's depreciable basis post-election.

Signed:

Drew Sparks, Member
Dangerous Pretzel Company LLC

Date: 5/26/2026
